# *PATH Activities in June*

- In collaboration with Charlottesville Area Transit, PATH provided a **travel training** session for older adults at The Center at Belvedere, helping participants build confidence in using public transportation.
- On June 6, PATH participated in the **Louisa County Special Needs & Autism Awareness Festival**, connecting residents with transportation resources across the region. Visitors learned about local transit, volunteer driver programs, travel training, and the PATH Helpline. Staff answered questions and shared information to help older adults and people with disabilities access transportation for essential trips. PATH appreciates the opportunity to participate and looks forward to continuing outreach efforts in Louisa County.
- PATH continued updating and expanding the PATH website by adding the **Address Lookup Tool** designed to help riders quickly identify if they live within Jaunt's service area and which Jaunt transportation services may be available to them. The tool is especially helpful for individuals who are unfamiliar with Jaunt's service boundaries or are unsure which of the organization's transportation programs operate in their community.
- PATH staff continued answering calls through PATH Helpline and assisted older adults and people with disabilities with finding transportation services.
- PATH staff also participated in Nelson, Louisa, and Fluvanna Inter-Agency Council meetings, as well as the Move2Health Equity group, to strengthen community partnerships and coordinate efforts related to transportation access and mobility in the region.

# Marketing

- PATH continued a digital marketing outreach campaign, distributing promotional materials to multiple local organizations and institutions.
- PATH continued marketing campaign in CAT buses.
- PATH continued the marketing campaign of the Transportation Assistance Fund.
- PATH assisted Cville Village with marketing efforts.

- office support

## Transportation Assistance Fund

PATH continues to support individuals with critical transportation needs through the Transportation Assistance Fund, currently funded by the "Twice is Nice" grant. The fund provides financial assistance for non-emergency medical transportation, helping eligible residents access essential healthcare appointments when no other transportation options are available.
